

NON-CASH CONTRIBUTIONS - 2024

Please use the fair market value (price a buyer would actually pay for your used item). The IRS allows you to deduct the FMV of your items donated to charity and these items must be in good or better condition. Please have detailed documentation of all items donated such as photographs or receipts from the charity in which you donated these items. Use the price ranges below to help with the value of your item donated. Example would be an excellent condition sweater would be priced at \$15 with one that is in good condition priced at \$5 and something in between would be \$10. If you are in doubt of the amount to deduct, figure 10% of the original purchase price was.
